

Debates, Building Confidence, Critical Thinking and Public Speaking classes

Learning how to express oneself in groups with skill and confidence has immeasurable benefits in school, family and life. The goal of our programs is to teach students how to speak surely, write effectively and think critically in public setting to connect with their audience. Our programs enhance students' reasoning, research, writing, active listening and critical thinking skills.

Bay Area Debate Club offers basic and advanced public speaking and debate courses and tournaments at over 50 locations in the Bay Area in this subject matter. We have helped thousands of young people become better public speakers, debaters and students.
